

## **Holder for a flat profile - marker length 33mm, pack 100 pcs.**

### **Product description**

Holder for a flat profile - marker length to be applied 33mm, pack of 100 pcs. Total length 60 mm, for use with a cable tie up to 4.6 mm wide.

The marker is a perfect solution for marking industrial, ICT and energy installations, the high resistance of the print to UV radiation makes it suitable for use in outdoor conditions, even with high sunlight.
